Dear Valued Customer,

25th September 2023

We are writing to inform you of our revised interest rate on our savings accounts.

This change is being made in response to the current market conditions. We are committed to providing our customers with competitive interest rates, and we believe that this increase is necessary to maintain our competitiveness.

The following indicative rates are applicable.

GBP 500 and above	0.5% p.a. from 17th August 2023
USD 500 and above	0.6% p.a. from 21st September 2023
EUR 500 and above	0.4% p.a. from 21st September 2023

This means you will be earning more on your savings account. You do not need to do anything as the revised rates are already applicable. You will be required to maintain a minimum deposit of £500, \$500, €500 respectively. You will be permitted a maximum withdrawal of 3 (Three) per month, above the minimum balance.

Make sure your account is right for you, here is an option:

Fixed term savings account

If you do not need instant access to your savings, fixed term accounts offer fixed interest rates for a set period. These normally pay a higher rate of interest.

Should you be unhappy with the information we have provided or wish to discuss this further, please contact our Customer Service Team to assist with your concerns. We welcome your feedback to improve our products and services.

For further clarification on the above, please contact us directly on +44 (0) 207 6530350, via email on customer.services@ghanabank.co.uk or to raise a complaint you can speak to our customer service on the number above or email our complaints at complaints@ghanabank.co.uk. You also have the option to visit our above London Office or Ghana representative office at the address Ghana International Bank, Cannon House (EY Building) 2nd Floor No.60 Rangoon Lane, Cantonments City Cantonments, Accra, Ghana GL-045-6044

Thank you for choosing Ghana International Bank plc and for continuing to bank with us.
